WELCOME

WHEN SCHOOL ENDS, THE RIGHT NEXT STEP CAN CHANGE EVERYTHING.

Post-16 alternative provision remains one of the most underdeveloped areas of the education system. Specialist, therapeutically informed support at this critical transition can help young people with SEND avoid becoming NEET and move into education, employment or training.

ABOUT NULOGIC

Nulogic is a specialist alternative provision organisation working in partnership with local authorities, multi-academy trusts and schools to deliver expert, therapeutically informed support for young people across all stages of education.

We are pioneers in the AP sector, staying ahead of government policy, evolving our provision in line with national guidance, and ensuring every learner we work with gets the support they need, when they need it most.

Our innovative programmes have helped numerous students by offering tailored support in academic and personal development. From targeted revision sessions to comprehensive intervention strategies, we address the unique needs of each learner. These programmes have successfully re-engaged students, improved academic performance, and reduced exclusion rates, fostering a positive and inclusive learning environment.

Our goal of positively impacting the lives of young people led us into exploring alternative provision, developing various programmes that support Primary and Secondary learners at risk of exclusion across Coventry and Warwickshire.

PROGRAMME OVERVIEW

POST-16 ALTERNATIVE PROVISION

Nulogic offers specialist Post-16 provision at our Coventry based sites, The Forge and The Workshop: a purposeful, vocational programme for young people aged 16 to 19 with SEND who are at risk of, or already experiencing, NEET.

As a registered provider, we can be named in Section I of a young person's EHCP, so local authorities can commission us as a placement, not a short-term intervention.

This is not a reactive expansion. It is a deliberate commitment to filling a genuine national gap.

- EHCP PLACEMENTS
- ACCREDITED VOCATIONAL QUALIFICATIONS

WHO WE SUPPORT

YOUNG PEOPLE AGED 16 TO 19

Our Post-16 programme is for young people with SEND, many with EHCPs, who are at risk of, or already experiencing, NEET. Many have faced school avoidance, exclusion or disruption and need consistent, trusted adult support at one of the most critical transitions of their lives.

EHCP LEARNERS

As a registered provider we can be named in Section I of an EHCP, giving learners continuity, stability and specialist support rather than a short-term intervention.

EOTAS LEARNERS

Many of our learners are EOTAS young people whose education is commissioned directly by their local authority.

NULOGIC LEARNERS

For learners we have supported in school, Post-16 is a natural next step. No starting over, and the trusted relationships continue.

OUR APPROACH

CONTINUITY FROM SCHOOL

For learners supported by Nulogic through school, whether in an inclusion base, specialist outreach or mentoring, Post-16 is a natural, connected next step.

There is no starting over and no rebuilding from scratch.

REAL INDUSTRY SKILLS

Hands-on training in hair and beauty, construction, sports and leadership, and digital and media, working towards recognised qualifications including City and Guilds.

Learners build practical, portfolio-ready skills for real careers.

ONGOING MENTORING

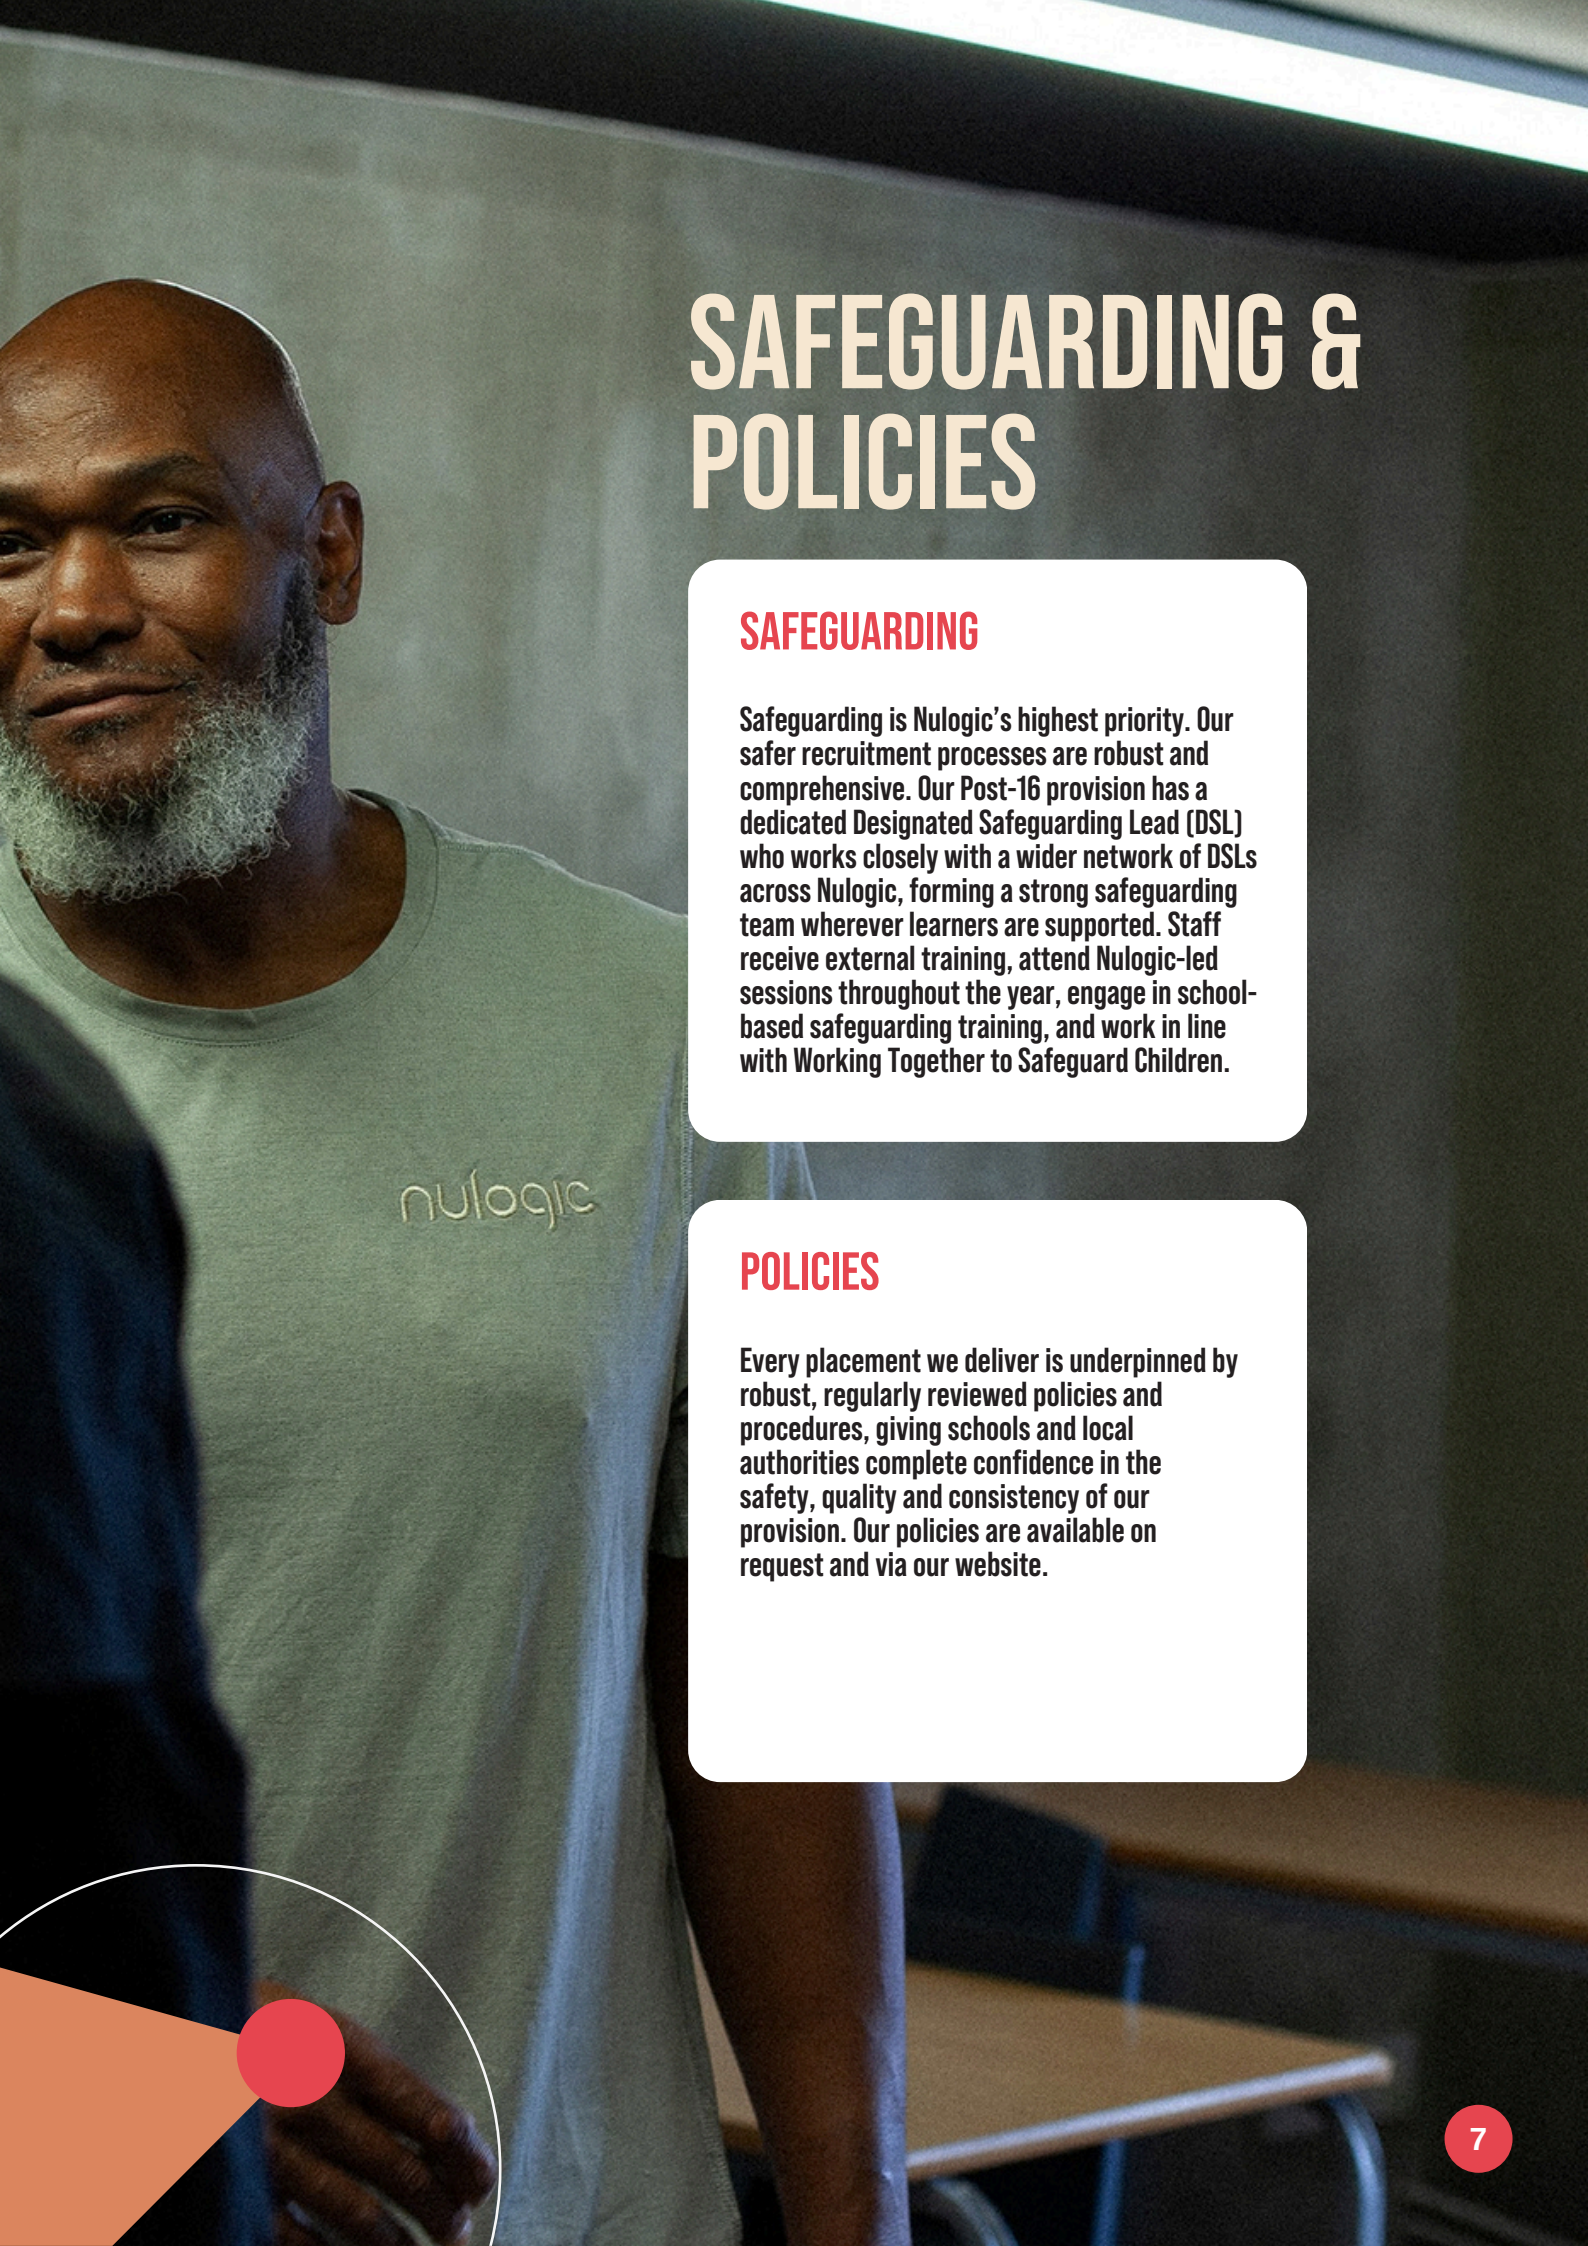

Every learner has structured one-to-one and group mentoring as a core part of their provision, not an optional extra.

It draws on the same SEMH-informed, relationship-led practice that underpins all of our work.

INTEGRATED SUPPORT

Accredited vocational learning is combined with embedded therapeutic support from a team with expertise in SEMH, trauma-informed practice and EHCP compliance.

We work with local authority SEND teams so outcomes are tracked and annual reviews are well evidenced.

SAFEGUARDING & POLICIES

SAFEGUARDING

Safeguarding is Nulogic's highest priority. Our safer recruitment processes are robust and comprehensive. Our Post-16 provision has a dedicated Designated Safeguarding Lead (DSL) who works closely with a wider network of DSLs across Nulogic, forming a strong safeguarding team wherever learners are supported. Staff receive external training, attend Nulogic-led sessions throughout the year, engage in school-based safeguarding training, and work in line with Working Together to Safeguard Children.

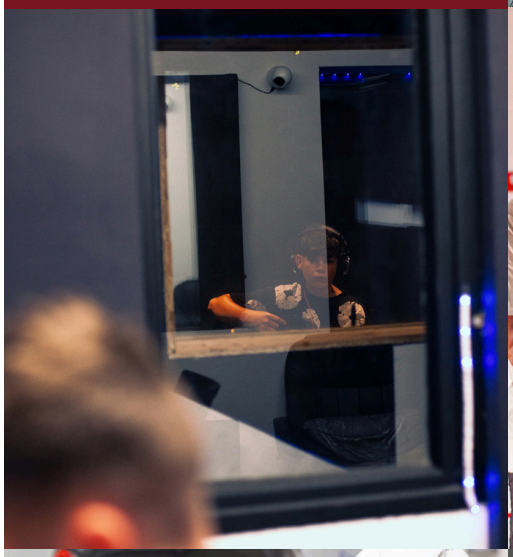

POLICIES

Every placement we deliver is underpinned by robust, regularly reviewed policies and procedures, giving schools and local authorities complete confidence in the safety, quality and consistency of our provision. Our policies are available on request and via our website.
